Sola was on the selection panel for Goldman Sachs 10,000 women scholarship program of the entrepreneurial development centre on the selection panel of the NEPC HCDI. Sola has trained over 2,500 students who have gone on to establish their own business.

Brand Introduction

OSC One stop celebration OSC is a certified, woman owned company consisting of consultancy, garment production company, a pan African fashion Training college and its own clothing line, founded over a decade ago, in 2009 by Mrs Olusola Babatunde who is passionate about using her skills and the 3 E's of Educating, Empowering and Employing the African creative to reinterpret, reinforce and re-position what "Made in Africa" means.

Working with these youths over the years has proven that, when given the right training, education and opportunity to earn a living, the Nigerian youth thrives in an atmosphere of meaningful consistent work and fair pay.

Each artisan's training starts with handling the sewing machine i.e sewing machine operations, and pattern making ,their education, allows the display of leadership skills, which gives room for career growth and promotion to head machinist, supervisor, quality control, assistant production manager and production manager, or becoming an Entrepreneur themselves employing a minimum of 4 people each

In a Country like Nigeria, with high unemployment rate, Job training, employability skills and wealth creation empowers the Nigerian youth to become great leaders for themselves, their families, the Nation and the whole world.

All our clothing lines are ethically and sustain-ably produced in our factory in Nigeria, original designs from our team, locally sourced materials, no child labour, fair pay and equal pay for women, no discrimination is our watch word.

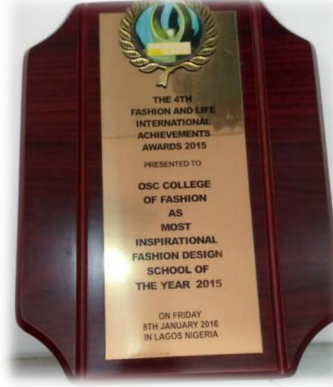

Core Values Customer Satisfaction, Quality, We provide leadership as a company and as individuals,We act with integrity in all we do, we value our people, we value our suppliers as an essential part of our team.
